

## Embroiderers' Guild of America

EGA is a national, not-for-profit organization dedicated to the study and preservation of the art of embroidery. Membership is open to anyone interested in needlework, from the beginner to the professional. Members work within local chapters or a member-at-large network to improve their skills and knowledge. Numerous opportunities are available to learn embroidery and needlework techniques, including chapter meetings, workshops, correspondence courses, certification programs, and national and regional seminars. In addition, EGA offers free projects, a youth program, a quarterly magazine, and national traveling exhibits.

The **Green Bay Area Chapter of the EGA** supports and strengthens all forms of needle arts by fostering the highest standards of excellence in the practice of the art of embroidery through an active program of education and study to preserve the heritage of the art of embroidery.

We encourage you to become a supporter of this art form in the community.
